14240 US-12 * SOMERSET
USOM BRICKHOUSE B&B

**KITCHEN REMODEL
BEFORE and AFTER**

Built circa 1888, the Brickhouse of Somerset Bed & Breakfast boasts six bedrooms, each with a private bath. This stately Victorian home has been extensively remodeled by USOM in several phases. The latest project is the kitchen, laundry and office area. Rich cherry cabinets, Cambria countertops, heated ceramic tile floor, and other modern conveniences not only make this space functional, but also preserve the old-fashioned charm that defines this historic home. Come see what is possible when innovative design and quality craftsmanship combine to create a masterpiece!
